

A teacher with blonde hair, wearing a light blue cardigan, stands in a classroom holding a small globe. Several young students are seated at desks, with some raising their hands. The classroom has a green chalkboard and a potted plant in the background.

2021 Tennessee State SCHOOL & DISTRICT REPORT CARD

In March 2020, the U.S. Department of Education [waived](#) federal assessment and accountability requirements as a result of the COVID-19 pandemic and school closures. In January 2021, the Tennessee General Assembly passed legislation to ensure a strong statewide administration of Tennessee Comprehensive Achievement Program (TCAP) assessments in spring 2021 to both generate reliable data on how Tennessee students were performing and inform strategies to help support academic success during the pandemic.

Because all Tennessee school districts met the requirement in [Public Chapter 2](#) to achieve an 80% rate of student participation in TCAP this spring, some assessment data is neither publicly available this year nor included in accountability calculations such as letter grades or other summative ratings. Other information about schools and districts will still be made available this year on the Report Card as well as the department's data downloads webpage.
